46      A life-size figure of a seated poet playing the kithara, identified as
47      Orpheus, is flanked by two half-bird, half-woman Sirens, who sing to mourn
48      the dead and escort them to the Underworld. The unique group likely belonged
49      to a funeral monument erected for a mortal musician from the region of Taranto.
